

**MINUTES OF 106 CONSULTING PARTY MEETING  
BANCROFT ST. (GLENWOOD TO ASHLAND)  
COLLINGWOOD PRESBYTERIAN CHURCH  
NOVEMBER 20, 2013**

Dave Dysard called the meeting to order about 7:15 pm and an attendance sheet was passed around for signatures. Present were Cathy Jo Kuzma, Toni Moore, John Kirkbride, David Neuendorff and Ken Schumaker along with John Crandall and Dave Dysard. Also present were, Kacey Smith (ODOT), Stephanie Miller (Ohio Forestry) and John Bell (observer).

First, the group agreed to support the recommended preferred alternate presented to the public at the meeting.

The group then discussed some remaining items for preliminary design scheduled for January through July 2014. Much of the discussion was in regard to tree protection, new tree planting and how to maintain canopy on south side. Stephanie Miller shared comments from her review of the condition and location of trees along the project (she, Dick Meyers, Stephanie Bartlett and Craig Shaar with Forestry toured the project site together in September). Also, coordination with City of Toledo Forestry Division and getting their buy in was discussed. Discussion also included working with Toledo Edison on line relocation possibilities and impacts and street lighting alternatives.

The City was asked to do the following:

1. Follow up with Toledo Edison on possibility of line relocation.
2. Develop cost estimates for street lighting alternatives.
3. Update project information gathering.
4. Research how underground wiring was accomplished at the commons (Steve Day).
5. Inventory sidewalk for present condition and material (what sandstone sections could be salvaged and reused?).
6. Keep porous walks under consideration.
7. Distribute a copy of recommendation from the State Department of Forestry to DRT members.
8. Inventory curbs also for condition and possible reuse.

106 MEETING  
NOV 20, 2013

- 1 JOHN GRANDALL
