- Sidewalks should remain 6' width (Stephanie has information on what % of existing walks are slate) (adding 1' adds \$45,000 to cost)
  - Keep at existing location or could move 3.5' +/- toward R/W (affect on encroachments – Stephanie has info? may lose slabs?)
  - Keep existing tree lawn except for parking areas (possible to keep some tree lawn in parking areas?)
  - Use of a rumble strip for bike lane?
