

EXHIBIT II

PRINCIPALS (OF DESIGN?) (draft Project Purpose and Need?)

- Establish gateway (at west end of project)
- Reduce speed of traffic (especially eastbound)
- Provide for pedestrians
- Provide for bikes
- Enhance “feel” (by lighting & look) (owe District?)
- Enhance/I.D. historic district boundary
- Roundabout
- Bike Lanes (what are staff recommendations?)
- Parking (important to concentrate on west end of project)
- Conceptual roundabout (cost)
- Narrow to two lanes before Glenwood (can't be done)
- (Need) feasible accident zone (? At off ramp and Glenwood)

Note: (comments in brackets are added by John Crandall to add clarification)
