# Litter Law

## Tarp your Load!

Ohio law **REQUIRES** all loads to be covered and secured when transported on public roads.

Do your part to keep our roads safe and clean!!

Cover and secure your load.

Improperly covered and unsecured loads are subject to citation.

Persons dumping solid waste or littering the public right-of-way will be cited.

## Cigarette Litter Prevention

**Carry a portable or pocket ashtray when smoking outside.**

Encourage smokers to be aware of where their cigarette will be discarded when they light up. Whether smokers are outside public buildings, in parks, on beaches or city sidewalks, a little planning will reduce the number of butts and cigar tips that end up on the ground.

**Use a proper receptacle to dispose of cigarette butts and cigar tips.**

Ash receptacles are needed at the places where people must stop smoking before they proceed. These are called "transition points." Ash receptacles at transition points remind smokers to properly dispose of cigarette butts.

**Don't throw butts out car windows.**

Place cigarette butts and cigar tips in a car ashtray, a portable auto ashtray (which fits in the cup holder), or a container with a secure top.

**Be aware of local litter ordinances.**

Many communities have litter ordinances that include cigarette butt litter. These are enforceable and carry penalties.

# Education

## We're Here to Educate!

Keep Toledo/Lucas County Beautiful, Inc. (KT/LCB) is committed to helping educators prepare our future leaders with information about the environment! In addition to providing a **lending library** of information and resources, we are available for **classroom presentations** for students of all ages.

### Earth Exploring Experiences Offered:

#### **“Riley’s Adventure” Puppet Show**

A FREE 30 minute *school-wide* puppet show that is centered around the “Re-Ways” (reduce, reuse and recycle). Our main character, Riley, is transported to different versions of our community so he can see firsthand what will happen if we don’t take care of our environment. (Must have 30+students)

#### **The Incredible Edible Landfill**

Students build a model landfill out of pudding and pie crust. This is one landfill they won't mind eating at the end!

#### **Litter Olympics**

This is an outdoor or gymnasium activity where students play games using litter or recyclables.

#### **Pack To Reduce**

Students work in groups to determine whether or not the contents of sample lunches are reusable or recyclable. Then they make presentations about the lunches to the class. Other topics discussed are nutrition, cost, convenience, and litter.

#### **Paper Pin Decorating**

Students decorate handmade pins, made from recycled paper.

#### **Tin Can Papermaking**

Each student makes one sheet of recycled paper.

#### **Wallpaper Bead Necklace**

Each student makes a necklace out of old wallpaper samples.

Call our Education Specialist at 419.213.2252 or submit an online request at [www.ktlcb.org](http://www.ktlcb.org) to schedule a presentation.

## Adopt-A-Road/Street

Volunteer groups and organizations are being given an opportunity to accept the responsibility for removing litter and other debris from a 2-mile section of the Lucas County roadways or streets. The purpose of this program is to instill community pride, raise public awareness and to improve the appearance of our streets throughout Lucas County.

An interested group will be responsible for cleaning a 2-mile section of roadway a minimum of four times a year for a two-year period. In return, signs will be installed on-site displaying the name of the participating organization or group. Additionally, collection bags, safety equipment, and debris disposal will be provided to each group. For more information, call KT/LCB at 419.213.2255.

Learning about up-coming recycling events and litter cleanups is as easy as 1-2-3!
