(PLEASE PRINT USING BLACK INK OR USE THE FILLABLE FORM.)

PLEASE NOTE THAT THIS FORM IS TO BE USED BY BOTH INDIVIDUAL RESIDENTS AND NON-RESIDENTS.

INSTRUCTIONS FOR COMPLETING THE RETURN:

Enter your Toledo account number – if known. In January, we will mail out a post card to each taxpayer with an active city of Toledo account. This postcard will contain a peel-off sticker containing your name, address and Toledo income tax account number. When you receive this postcard, please make sure that the name and address information is correct. If not, line through the incorrect portion and complete the form with the correct information. Apply the sticker over the Account # and Social Security # on page 1 of this form. If you did not receive a postcard and know your account number, please write it here.

Fill in your First Name and Middle Initial, Last Name and your Social Security Number. ***Your complete social security number is required.* If a joint return—Enter Spouse's Account Number (if they have one) their First Name and Initial, Social Security Number and Last Name (if different).

Enter your Home Address Number and Street, City, State and Zip Code and also that of your Spouse's if their address (number street, city, state and zip) if it is different.

Enter your phone number and an email address that would assist us in reaching you should any questions arise during daytime hours (There is a box to check if we may leave a detailed message).

Answer the question regarding filing and residency during the tax year. If you filed a Toledo tax return in 2017 and your account should be closed, mark the box if necessary and give us the reason (for example, no longer working) and answer the same for your spouse if a joint return is filed. List dates moved in or out of Toledo.

Part-Year Residents: *If you moved in or out of the city of Toledo during the tax year and you did not work in the city of Toledo, your wages or net profit from Schedule C can be allocated. W-2 wages can be calculated by taking the greater of Box 5 or Box 18 and dividing by 12 months and multiplying that calculation by the number of months you lived in Toledo. This will give you your Toledo taxable wage income. Do this for each W-2 and total. Enter this number in Box 1 of the return. If there was other city withholding in Box 19, you must multiply that city's tax rate by the Toledo taxable income to give you the correct tax credit for paying another city. Enter this number in Box 8 of the return.*

If you had a net profit/loss from a Schedule C, divide the net profit (Line 31) by 12 months and multiply that calculation by the number of months you lived in Toledo and place this calculating in Box 1, Column D of Worksheet B. Also if you had rental properties, and file a Schedule E, do the same calculations (Line 21) excluding the rental properties located in Toledo. The entire profit (Line 21) of rental properties located in Toledo is taxable regardless of your residency. Add the calculation of Non-Toledo rentals and Toledo rentals together and place in Box 2, Column D of Worksheet B. Do the same calculation for Non-Toledo Partnership K-1 income and place in Box 3, Column D or Worksheet B.

Any income that was earned in the city of Toledo is taxable regardless of your residency.

Have your employer complete and sign the **Employer Certification** portion of this section to include. They are certifying that you did not work in the city of Toledo during the period indicated.
